

Chemax PEG-600DT

CHEMICAL NAME	Polyethylene Glycol (600) Ditallate
INCI NAME	-
CAS NUMBER	61791-01-3
FUNCTION	Emulsifier, Lubricant
TECHNICAL REQUIREMENTS	Color (Gardner)..... 6 Maximum Acid Value..... 10 Maximum Saponification Value90 – 102 Water, %..... 1 Maximum
GENERAL DATA	Appearance @ 25°CAmber Liquid Specific Gravity @ 25°C.....0.99 Pounds Per Gallon..... 8.25 Aqueous Solubility Dispersible HLB.....10.3
APPLICATION	Chemax PEG-600DT is an effective emulsifier and lubricant for metalworking applications. This chemistry is also used in leather processing and textile applications.

Revision Date: 18.05.2016
