

## EXOclean AL

<b>CHEMICAL NAME</b>	Mixture
<b>INCI NAME</b>	-
<b>CAS NUMBER</b>	-
<b>FUNCTION</b>	Highly alkaline cleaning concentrate
<b>TECHNICAL REQUIREMENTS</b>	Appearance at (20±25)°C ..... clear liquid pH of product ..... min 13
<b>GENERAL DATA</b>	Solubility in water ..... very good Density at 25°C, g/mL ..... approx. 1.106 Viscosity at 20°C, mPa·s ..... below 100 Solidification point, °C ..... below -20
<b>APPLICATION</b>	EXOclean AL is a concentrated, alkaline cleaning mixture, designed for professional use. It exhibits a high efficiency in dissolving and removing tough stains from the stainless steel, glazed, glass and concrete surfaces. Product is intended for cleaning e.g. fatty contaminations like oils or soot. EXOclean AL can be used, inter alia, for inner cleaning of tanks, pipelines and other containers. EXOclean AL can be used in form of a concentrate or a dilution of 1: 5 to 1: 3, depending on the degree of surface contamination.
