

FLO DELICATE Liquid Detergent for delicate fabrics

DESCRIPTION	Liquid Detergent for delicate fabrics
COMPOUNDS	Anionic surfactants, non-ionic surfactants, soap, EDTA and its salts, preservatives, fragrance composition
TECHNICAL REQUIREMENTS	<p>Appearance..... transparent with admissible iridescence with the smell characteristic for the raw materials used, without any mechanical impurities</p> <p>Colorpink</p> <p>pH 7.0 – 9.0</p> <p>Density in 20°C, g/cm³1.010 – 1.030</p>
APPLICATION	<p>FLO DELICATE washing liquid for delicate fabrics with innovative washing formula effectively and efficiently protects delicate fabrics, wool, silk and underwear against color loss and destruction. Contains wool extract and lanolin. Despite the strong washing properties it is delicate for fabrics. It gives fabrics fresh fruity-flower scent with hint of rose and apricot. Extremely effective and efficient at low temperatures, suitable for hand washing and in automatic washing machines.</p>
