

Chemax DCI-964

CHEMICAL NAME	Surfactant Blend
INCI NAME	-
CAS NUMBER	Mixture
FUNCTION	Emulsifier, Cleaning Agent, Corrosion Inhibitor
TECHNICAL REQUIREMENTS	Water, % 29 pH (1% Aqueous)..... 8.31
GENERAL DATA	Appearance @ 25°C Clear Amber Liquid Specific Gravity @ 25°C.....1.10 Pounds per Gallon9.17 Aqueous SolubilitySoluble
APPLICATION	Chemax DCI-964 provides for emulsification of soils and particulates in cleaner baths. It provides mild corrosion inhibition properties for ferrous and non-ferrous substrates, exhibits excellent surface tension reduction and produces moderate foam

Revision Date: 17.05.2016
