

ROKO® PROFESSIONAL SHIMM ALOE

DESCRIPTION

SHIMM ALOE is a concentrate for manual dishwashing in gastronomy. Effectively removes all dirt from pots, pans, cutlery, tableware and other kitchen utensils made of steel, glass, porcelain or plastic. Tough against fatty and organic dirt as well as coffee and tea deposits. Recommended for public buildings: canteens, kitchens, restaurants, bakeries. Even up to 5,000 washed plates with 1 liter of product

COMPOUDS

anionic surfactants, non-ionic surfactants, amphoteric surfactants, preservative, fragrance

TECHNICAL REQUIREMENTS

Appearancetransparent or slightly opalescent liquid

pH~6.5

Density at 20°C, g/cm³.....1.020 ± 0.020

APPLICATION

Recommendations: Read the safety data sheet and information leaflet before use. Take all precautions: long-sleeved apron, gloves. Directions for use: Standard use 5 ml of liquid for 5 liters of water. Adjust the dose of the liquid to the number of dishes and the degree of soiling. After washing the dishes, rinse thoroughly with water. For professional use only!
