

Roksol IPET Emu

CHEMICAL NAME	Emulsion of flotation collector
TECHNICAL REQUIREMENTS	Appearance at room temperature.....homogeneous white to pastel liquid Density at 20°C, g/ml 1.02 ± 0.01 Water content, % (m/m).48 ± 2 Dynamic viscosity, mPa·s max. 150
GENERAL DATA	pH.....approx. 6 Active substance content, % (m/m)approx. 35
APPLICATION	Collector in flotation process.
