

Roksol HFB

CHEMICAL NAME	Mixture of mineral oil and emulsifiers
TECHNICAL REQUIREMENTS	Appearance at (20 ÷ 25)°C white to light-yellow viscous liquid pH of 10% aqueous solution 7 ÷ 9 Dry matter, % (m/m)..... min. 45
GENERAL DATA	Flash point, °C above 100 Boiling point, °C approx. 100 Odor..... characteristic Solubility in water good
APPLICATION	Waterproofing agent for leather used in tanning industry
